NOTICE OF RIGHT-OF-WAY AMENDMENT APPLICATIONS
TRANS-ALASKA PIPELINE SYSTEM – ADL 63574
FUEL GAS LINE MANUAL GATE VALVE REPLACEMENTS

The Commissioner of the Department of Natural Resources, pursuant to Alaska Statute (AS) 38.35.070, hereby gives notice that Alyeska Pipeline Service Company, as agent for the Trans-Alaska Pipeline System (TAPS) lessees, submitted requests to amend the Right-Of-Way Lease for the Trans-Alaska Pipeline, ADL 63574, to add approximately 2.0 acres of land at three locations.

The purpose of the requests is to replace three existing below ground valve sets on the TAPS Fuel Gas Line (FGL), as part of TAPS Project F838 – Replace Fuel Gas Line Valves. FGL Manual Gate Valves (MGV) No. 2, No. 3 and No. 6 will be replaced with above ground valve sets that will be set farther from the highway on new gravel pads to ensure adequate distance from the highway to prevent vehicular damage. The project will increase the long term integrity of the new pipe and valve sets. Access workpads will be constructed from the Dalton Highway to the new valve sites and vehicle gates will be installed to control access.

The lands are generally described as:

FGL MGV No. 2 at FGL MP 19.6
E2, Section 5, Township 7 North, Range 14 East, Umiat Meridian, Alaska,
lands immediately adjacent to the Dalton Highway at milepost 397.3, containing approximately 0.77 acres;

FGL MGV No. 3 at FGL MP 38.8
SE4, Section 4, Township 4 North, Range 14 East, Umiat Meridian, Alaska,
lands immediately adjacent to the Dalton Highway at milepost 342.1, containing approximately 0.61 acres; and

FGL MGV No. 6 at FGL MP 90.8
NW4, Section 4, Township 5 South, Range 14 East, Umiat Meridian, Alaska,
lands immediately adjacent to the Dalton Highway at milepost 326.5, containing approximately 0.61 acres.

The application is available at the State Pipeline Coordinator's Section (SPCS) website: <http://dog.dnr.alaska.gov/spcs/PublicNotices.htm>. The public may obtain hard copies of the application, at cost, from the SPCS.
